Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Please review and enter the following remarks summarizing the telephonic interview conducted on March 11, 2011.

REMARKS

Applicant and the Examiner discussed possible amendments to be submitted with the RCE, to overcome the current rejection, without raising the § 112 issues.

The Examiner stated that, if claim 1 is amended to recite "a first air circulator device, which is installed through the second outside opening so that a bottom portion of the first air circulator device is installed substantially in the second outside opening," the current rejection would be overcome.

The Examiner also stated that the proposed amendment would not raise the § 112 issues.

It is respectfully submitted that the instant STATEMENT OF SUBSTANCE OF INTERVIEW complies with the requirements of 37 C.F.R. §§1.2 and 1.133 and MPEP §713.04.

It is believed that no petition or fee is required. However, if the USPTO deems otherwise, Applicant hereby petitions for any extension of time which may be required to maintain the pendency of this case, and any required fee, except for the Issue Fee, for such extension is to be charged to Deposit Account No. 19-4880.

Respectfully submitted,
